Hiring of Military Personnel

**OGC HAS REVIEWED.**

1. Your memorandum of 2 July 1951 forwarded the retirement orders on [REDACTED]

25X1A

25X1A

2. In the case of each officer, retirement is based on incapacity for active service on account of disability incident thereto. In view of the wording of the retirement orders, it is our opinion that each individual's disability is equivalent to incapacity incurred in the line of duty and therefore within the exceptions to the law (5 USC 62) which prohibits the appointment of retired officers.

3. Therefore, [REDACTED] may be appointed to a civilian position within the Agency, but if the retired pay exceeds the rate of \$3,000.00 per year, each will have to elect between the pay of the civilian office and his retired pay.

4. Please let us know if any further questions arise in this connection.
